The copy filmed here has been reproduced thanks to the generosity of:

Metropolitan Toronto Library
Canadian History Department

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Metropolitan Toronto Library
Canadian History Department

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "À SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

RECIPROCITY TREATY
BETWEEN THE
UNITED STATES AND GREAT BRITAIN.

HER MAJESTY, THE QUEEN OF GREAT BRITAIN, being equally desirous with the GOVERNMENT OF THE UNITED STATES to avoid further misunderstanding between their respective Subjects and Citizens, in regard to the extent of the right of Fishing on the Coasts of British North America, secured to each by Article I. of a Convention between the United States and Great Britain, signed at London on the 20th day of October, 1818, and being also desirous to regulate the Commerce and Navigation between their respective Territories and People, and more especially between Her Majesty's Possessions in North America and the United States in such manner as to render the same reciprocally beneficial and satisfactory, have respectively named Plenipotentiaries to confer and agree thereupon, that is to say: Her Majesty, the Queen of the United Kingdom of Great Britain and Ireland, JAMES, Earl of Elgin and Kincardine, Lord Bruce, and Elgin, a Peer of the United Kingdom, Knight of the Most Ancient and Most Noble Order of the Thistle, and Governor General in and over all Her Britannic Majesty's Provinces on the Continent of North America, and in and over the Island of Prince Edward; and the President of the United States of America, WILLIAM L. MARCY, Secretary of State of the United States, who, after having communicated to each other their respective full powers, found in good and due form, have agreed upon the following Articles:

ARTICLE I.

It is agreed by the High Contracting Parties, that in addition to the liberty secured to the United States fishermen by the above mentioned Convention of October 20, 1818, of taking, curing, and drying fish on certain Coasts of the British North American Colonies therein defined, the inhabitants of the United States shall have in common with the subjects of Her Britannic Majesty, the liberty to take fish of every kind, except

shell-fish on the sea-coasts and shores, and in the bays, harbors and creeks of Canada, New Brunswick, Nova Scotia, Prince Edward's Island, and of the several Islands thereunto adjacent, without being restricted to any distance from the shore; with permission to land upon the coasts and shores of those Colonies and the Islands thereof, and also upon the Magdalen Islands for the purpose of drying their nets and curing their fish: provided that in so doing, they do not interfere with the rights of private property or British fishermen in the peaceable use of any part of the said coast in their occupancy for the same purpose.

It is understood that the above mentioned liberty applies solely to the sea fishery, and that the salmon and shad fisheries, and all fisheries in rivers, and the mouths of rivers, are hereby reserved exclusively for British fishermen.

And it is further agreed, that in order to prevent or settle any disputes as to the places to which the reservation of exclusive right to British fishermen contained in this Article, and that of fishermen of the United States contained in the next succeeding Article, apply, each of the High Contracting Parties, on the application of either to the other, shall, within six months thereafter, appoint a Commissioner. The said Commissioners before proceeding to any business, shall make and subscribe a solemn declaration that they will impartially and carefully examine and decide to the best of their judgment, and according to justice and equity, without fear, favor or affection to their own country, upon all such places as are intended to be reserved and excluded from the common liberty of fishing under this and the next succeeding Article; and such declaration shall be entered on the record of their proceedings. The Commissioners shall name some third person to act as an Arbitrator or Umpire in any case or cases on which they may themselves differ in opinion. If they should not be able to agree upon the name of such third person, they shall each name a person, and it shall be determined by lot which of the two persons so named shall be the Arbitrator or Umpire in cases of difference or disagreement between the Commissioners. The person so to be chosen to be Arbitrator or Umpire shall, before proceeding to act as such in any case, make and subscribe a solemn declaration in a form similar to that which shall already have been made and subscribed by the Commissioners, which shall be entered on the record of their proceedings. In the event of the death, absence, or incapacity of either of the Commissioners or of the Arbitrator or Umpire, or of their or his omitting, declining or ceasing to act as such Commissioner, Arbitrator, or Umpire, another and different person shall be appointed or named as aforesaid to act as such Commissioner, Arbitrator, or

Such Commissioners shall proceed to examine the Coasts of the North American Provinces and of the United States embraced within the provisions of the first and second Articles of this treaty, and shall designate the places reserved by the said Articles from the common right of fishing therein.

The decision of the Commissioners and of the Arbitrator or Umpire shall be given in writing in each case and shall be signed by them respectively.

The High Contracting Parties hereby solemnly engage to consider the decision of the Commissioners conjointly, or of the Arbitrator or Umpire, as the case may be, as absolutely final and conclusive in such case decided upon by them or him, respectively.

ARTICLE II.

It is agreed by the High Contracting Parties that British subjects shall have, in common with the citizens of the United States, the liberty to take fish of every kind, except shell-fish, on the Eastern sea coasts and shores of the United States, North of the 36th parallel of North Latitude, and on the shores of the several Islands thereunto adjacent, and in the bays, harbors, and creeks of the said sea coasts and shores of the United States and of the said Islands, without being restricted to any distance from the shore, with permission to land upon the said coasts of the United States and of the Islands aforesaid, for the purpose of drying their nets and curing their fish; provided that in so doing, they do not interfere with the rights of private property, or with the fishermen of the United States in the peaceable use of any part of the said coasts in their occupancy for the same purpose.

It is understood that the above mentioned liberty applies solely to the sea fishery, and that salmon and shad fisheries, and all fisheries in rivers and mouths of rivers are hereby reserved exclusively for fishermen of the United States.

ARTICLE III.

It is agreed, that the Articles enumerated in the Schedule hereunto annexed, being the growth and produce of the aforesaid British Colonies or of the United States, shall be admitted into each County respectively free of duty :

It is further agreed that British subjects shall have the right freely to navigate Lake Michigan with their vessels, boats and crafts, so long as the privilege of navigating the river St. Lawrence secured to American citizens by the above clause of the present Article shall continue, and the Government of the United States further engages to urge upon the State Governments to secure to the subjects of Her Britannic Majesty, the use of the several State Canals on terms of equality with the inhabitants of the United States.

And it is further agreed that no Export duty or other duty shall be levied on lumber or timber of any kind cut on that portion of the American territory in the State of Maine, watered by the river St. John and its tributaries and floated down that river to the sea, when the same is shipped to the United States from the Province of New Brunswick.

ARTICLE V.

The present treaty shall take effect as soon as the laws required to carry it into operation shall have been passed by the Imperial Parliament of Great Britain and by the Provincial Parliaments of those of the British North American Colonies which are effected by this treaty on the one hand, and by the Congress of the United States on the other. Such assent having been given, the treaty shall remain in force for ten years from the date at which it may come into operation, and further until the expiration of twelve months after either of the High Contracting Parties shall give notice to the other of its wish to terminate the same; each of the High Contracting Parties being at liberty to give such notice to the other at the end of the said term of ten years, or at any time afterwards.

It is clearly understood, however, that this stipulation is not intended to affect the reservation made by Article IV. of the present treaty with regard to the right of temporarily suspending the operation of Articles III. and IV. thereof.

ARTICLE VI.

And it is hereby further agreed that the provisions and stipulations of the foregoing Articles shall extend to the Island of Newfoundland, so far as they are applicable to that Colony. But if the Imperial Parliament, the Provincial Parliament of Newfoundland, or the Congress of the United States shall not

embrace in their laws enacted for carrying this treaty into effect, the Colony of Newfoundland, then this Article shall be of no effect, but the omission to make provision by law to give it effect, by either of the legislative bodies aforesaid, shall not in any way impair the remaining Articles of this treaty.

ARTICLE VII.

The present treaty shall be duly ratified and the mutual exchange of ratifications shall take place in Washington within six months from the date hereof, or earlier if possible.

In faith whereof, We, the respective Plenipotentiaries have signed this treaty and have hereunto affixed our Seals.

Done in triplicate, at Washington, the Fifth day of June, Anno Domini, one thousand eight hundred and fifty-four.
